3. GOALS

Be a centre of excellence in higher learning.

Produce graduates in keeping with the development needs of the country.

Enhance the development of the personality of staff and students.

Achieve the status of an internationally acclaimed regional institute of research and development.

Enhance continuing professional programme in areas of national relevance.

Be a resources centre to enhance the quality of life in the region.

4. FOREWORD BY THE VICE-CHANCELLOR

It is with much satisfaction and a sense of achievement that we, as the Sabaragamuwa University of Sri Lanka look back at the Year 2015. This is primarily due to the work-oriented culture that we have promoted within this institution which in turn has yielded substantial gains within the period under review, in human and material terms.

As this report shall amply portray, the Mission of the University in producing men and women with 'practical skills and positive attitudes has clearly been the focus of its academic, administrative and the non-academic staff throughout the year 2014. Challenges were many; resources few. But innovative approaches and positive commitment have enabled us to be path - finders of modern tertiary education.

The report takes into account in particular the University's ambitious projects on infrastructure – new building facilities in the form of lecture-theatres and playground, construction of new laboratories, also the availability and welfare of aptly qualified and resourceful staff with great potential for the future.

Under the Infrastructure development of the university following building projects have been completed during the year 2015

- 1. Storm water drain for ICC hostel project*
- 2. Barbed Wire Fencing at Nonperial premises – Stage 11*
- 3. Upgrading the Field Station to a fully function Biodiversity Laboratory*
- 4. Aluminum Partition Work of Faculty of Management (Department of Marketing Management)*
- 5. Aluminum Partition Work of Faculty of Management (Department of Accountancy and Finance)*

I take this opportunity to thank the Ministry of Higher Education, the University Grants Commission, government and private sector bodies, most of all my staff, all of whom have stood by the University during 2015 in countering our challenges. Their unwavering support shall further enable us to be the pioneering change-agents in the Sri Lankan sphere of intellectual enterprise in the years ahead.

*Prof. Chandana P Udawatte
Vice-Chancellor*

5. THE UNIVERSITY

5.1 INTRODUCTION

The Sabaragamuwa University of Sri Lanka is situated on the left of the way to Samanalawewa reservoir and is over 160 kilometers away from Colombo – Badullahighway. The University comprises of five (05) Academic Faculties, namely,

- Faculty of Agricultural Sciences
- Faculty of Applied Sciences
- Faculty of Geomatics
- Faculty of Management Studies
- Faculty of Social Sciences and Languages

In addition to these five Faculties, there are twelve study centers. They are as follows:

- Centre for Computer Studies
- Agri – Business Research and Development Centre (ABRDS)
- Career Guidance Unit
- External Degree Programmes and Extension Services Unit
- Staff Development Centre
- Centre for Postgraduate Studies
- Centre for Indigenous Community Studies
- Centre for Research and Knowledge Dissemination
- Sports Centre
- Sabaragamuwa University Industry-Community Interaction Cell
- Centre for Biodiversity and Environmental Studies
- University Museum

In the year 2015, five faculties offered thirty three BA/BSc Degree Programmes, based on the Semester or the Course Units System of study, to a student population of about **3611**. The annual intake of the University is in the region of about 1027 students. Apart from some of the Degree Programmes offered by the Faculties of Applied Sciences and Social Sciences, which are of three-year duration, the rest extend over to a four-year period. The medium of instruction of all Science – based programmes is English. Wherever possible, the Lecturers strive to assist undergraduates by presenting the relevant course materials in Sinhala or Tamil medium as the case may be. The students reading for degrees at the Sabaragamuwa University could also select optional courses even from another Department within their own Faculty (inter – departmental courses), while following the major and minor subjects.

Apart from all these Faculties, Study Centers and Units, the University has an Affiliated Academy named Sri Lanka Military Academy (SLMA). This academy situated at Diyatalawa prepares army cadets for the Degree of Bachelor of Military Studies awarded by the University.

DEGREE PROGRAMME OF THE FACULTY:

The Faculty of Agricultural Sciences offers a four year specialization degree, B.Sc. Agricultural Sciences and Management and students can specialize in four fields such as Agribusiness Management, Commercial Horticulture, Plantation Agriculture and Livestock Production.

The Faculty is composed of three Departments of study such as Agribusiness Management, Export Agriculture and Livestock Productions. The Department of Export Agriculture offers two academic modules in Plantation Agriculture and Horticulture. The Agribusiness Management is a unique department as the undergraduate program in Agribusiness Management is the first of its kind in a Sri Lankan university.

During the first four semesters (first 2 years), students need to follow core-courses for their general study on Agriculture followed by specialization either in plantation Agriculture or Horticulture or Livestock Production or Agribusiness Management for two more semesters (in the 3rd year). Students must select their field of specialization at the end of the second year, according to the results in previous years and their preferences. Farm Practice, Computer Sciences and English courses are offered in the first three years and students must reach a satisfactory grade for each course in each semester to complete the degree. In addition, elective courses offered during the final year and students must select four elective courses according to their preferences during the first semester of their final year (in the fourth year). The final semester of the final year is allocated for industrial training, which is a vital and specific component of the degree program and must undertake an applied research in the specialized field. The medium of instruction of the degree program is English. The Faculty organizes programs as the practical components of the degree programme in collaboration with farmers in the area to ensure that knowledge and skills are exchanged between students and farmers. As a result the Faculty of Agricultural Sciences has developed close links with the surrounding communities. Furthermore, students are given an opportunity to visit various industries to get exposure to operational aspects of the industry and research organizations.

Department of Agribusiness Management

The department is geared to develop students' analytical, business and entrepreneurial skills to produce agro-entrepreneurs and agribusiness managers for the present and future.

Department of Export Agriculture

Department of Export Agriculture is to produce graduates who possess knowledge and skills in advanced agricultural technologies and are capable of managing horticultural and plantation operations of any scale.

Department of Livestock Production

The department strives to produce future leaders and innovators who can bear major responsibilities and perform the roles for the enhancement of the livestock sector.

GOALS OF THE YEAR 2015:

In line with the University Goal 1 “to enhance the employability of graduates” following were achieved.

6.2 FACULTY OF APPLIED SCIENCES

VISION

The Faculty has its own vision compatible to that of the University corporate plan for nation building through its products. The vision of the Faculty is to extend its facilities and services to develop as a premier centre for higher education and advanced research in the field of technology, thus enabling students following the degree programme to obtain a sound knowledge and acquire multi-disciplinary skills.

MISSION

The mission of the Faculty is to search for and disseminate knowledge in the areas of learning that will make a useful contribution to the development of critical manpower requirements of the nation; contribute to education, science and technology and socio economic upliftment of the communities of the nation.

THE HISTORY OF THE FACULTY OF APPLIED SCIENCES

The Faculty of Applied Sciences of the Sabaragamuwa University of Sri Lanka was initially started as the Buttala Affiliated University College (BAUC) on 21st June 1993. The BAUC offered two diploma courses, one in Food Science and Technology and the other in English Language. With the elevation of the Affiliated University Colleges to fully fledged national Universities in early 1996, three Affiliated University Colleges; Sabaragamuwa Affiliated University College, Uva Affiliated University College and Buttala Affiliated University College were amalgamated to form the Sabaragamuwa University of Sri Lanka and the BAUC became the Faculty of Applied Sciences of the Sabaragamuwa University of Sri Lanka.

With effect from March 2008, the faculty has been relocated in the main campus premises at Belihuloya.

DEGREE PROGRAMMES

The Faculty comprises five departments, Department of Natural Resources, Department of Physical Sciences and Technology, Department of Food Science and Technology, Department of Computing and Information Systems and the Department of Sport Sciences and Physical Education.

The Faculty offers B.Sc. (special) degree programmes in Food Science and Technology, Environmental Sciences & Natural Resource Management, Chemical Technology, Computer Science & Technology, Applied Physics, Computing and Information Systems, Sports Science and Management and Physical Education for the students who gain direct entry to the faculty on the basis of their performance at the GCE (A/L) Examination. The degree programs are designed to be four year degree programs with an exit point at three years for the students who graduate with a general degree in B.Sc. in Physical Sciences and Technology and Environmental Sciences and Management. The rest of the degree programs are strictly four year degree programs.

The selection of the students for the B.Sc. degree programmes in Computing and Information Systems, Sports Sciences and Management and Physical Education was performed on the basis of the G.C.E. (A/L) results as well as the performance at a selection aptitude test. The students who wish to get enrolled for the degree programmes in Sports Sciences and Management and Physical Education were also required to face an examination for physical fitness in addition to the selection test. However the selection procedure has been changed by the UGC through a circular and there will not be any further aptitude tests for the recruitment of undergraduates for the Faculty.

All degree programs offered through the faculty are designed to cater to the current job trends and demands both nationally and internationally. They are conducted exclusively in English. These degree programmes are designed as interdisciplinary by incorporating subjects as Computer Science, Economics, Management, etc. that has facilitated our students to perform well once graduating serving a wider field than being specific and narrowed to than specialized field.

Apart from the academic activities the Faculty also contributes to the development of the community and the nation through extension and knowledge Dissemination programmes. The staff and the students participate in such activities annually.

Department of Computing and Information Systems

The Department of Computing and Information Systems which offers a B.Sc. Special Degree in Computing and Information Systems was established in 01st March 2011, though the Degree programme was initiated back in 2008. The curriculum is specifically designed to produce skilled graduates both in Computing and Information Technology. At present the department has three well established laboratories and the student capacity of the department is 273.

The demand for the above degree programme has greatly increased thorough out the years and annual intake has reached the maximum capacity of 80 students per batch. The Department has close collaborations with private computer industries to obtain technical support in conducting lectures and practical as well as to provide opportunities for the undergraduates to carry out their mini projects and final year projects. This also has increased the opportunity for the undergraduates to secure job opportunities immediately after graduation. The staff of the Department consists of one senior lecturer and five probationary lecturers.

Department of Food Science and Technology

The Department of Food Science and Technology was established in 2003 though the B.Sc. special degree in Food Science and Technology was offered under the Department of Natural Resources since the inception of the Faculty in 1996. The range of the study areas include Food Science Technology core, General Sciences, Statistics, Computer Science & Technology, Marketing, Economics and courses in career development. The degree program is designed for the students who wish to pursue professional careers in the field of Food Science and Technology. The degree program has been designed so that the graduates could cater to the growing demand for Food Scientists & Technologists both in government and private sector. The degree also paves an excellent path for postgraduate studies in related disciplines of Food Science and Technology. At present the Department comprises of one professor, four senior lecturer, one lecturer, two probationary lecturers and two temporary lecturers. There are several eminent senior academics and industrialists who contribute as visiting Professionals by conducting lectures and practical in their specialized fields. The Department has four well equipped laboratories namely; Food Analysis Laboratory, Food Microbiology Laboratory, Food Processing Laboratory and Meat Processing Laboratory.

Department of Natural Resources

The Department of Natural Resources of the Sabaragamuwa University of Sri Lanka was established in 1996 offering a B.Sc. General degree in Natural Resources. The degree program offered by this Department is designed to cater to the current job market in the fields of Environmental Protection, Natural Resource Management and Conservation, Biodiversity Conservation and Management, Environmental Advocacy and Ecology both in Sri Lanka and throughout the world.

In 2006 the Degree Programme which was initially offered as B.Sc. in Natural Resources a three year general degree program was upgraded and restructured to offer a Degree programme as Environmental Science and Natural Resources Management which has improved the job opportunities for the graduates. Currently the degree program is oriented in three major streams viz. Environmental Sciences, Conservation Biology and Earth Sciences with awarding two degree programs as B.Sc. (Special) in Environmental Science and Natural Resources Management – 4 years and B.Sc. (General) in Environmental Science and Natural Resources Management – 3 years. The degree also paves an excellent path for postgraduate studies. The staff of the department consists of one senior professor, four senior lecturers, two probationary lecturers and one temporary lecturer. At present two probationary lecturers are reading their Ph.D. studies overseas and the Senior Professor at present is contributing his services to the University as the Vice Chancellor of the Sabaragamuwa University of Sri Lanka. Many resource persons in specialized fields are invited in conducting lecture and practical courses for undergraduates.

Department of Physical Sciences & Technology

The Department of Physical Sciences & Technology conducts degree courses in three major disciplines; namely, Chemical Technology, Applied Physics and Computer Science & Technology. Mathematics, Statistics, and Management Studies, Accounts are conducted as supporting tools for the programme. The staff of the department consists of one senior professor in Physics, one Professor in

Chemistry, two senior lecturers, nine probationary lecturers and two temporary lecturers. The Department offers four degree programmes namely: B.Sc. (Applied Sciences) Special Degree in Chemical Technology (Duration: 4 years), B.Sc. (Applied Sciences) Special Degree in Computer Science & Technology (Duration: 4 years), B.Sc. (Applied Sciences) Special Degree in Applied Physics (Duration: 4 years) and B.Sc. (Applied Sciences) Degree in Physical Sciences (Duration: 3 years). All theoretical course units conducted by the department are heavily supported by a practical component which provides the preliminary experience to perform confidently. And also the Mini projects conducted throughout the third and the fourth academic years stimulate the students' creative and innovative thinking. The Final year project (research or industrial training) for one entire semester exposes the undergraduates to the working environment and provides hand on experience in industry before the graduation. The environment in the campus and the teaching programmes were all designed in a manner to establish this goal and also to produce specialists in their respective fields. Additionally, it is also creditable that the Department offers the only Degree in Applied Physics in the entire University System in the country

Department of Sport Sciences and Physical Education

Two degree programmes namely B.Sc. Special Degree in Sport Sciences & Management and B.Sc. Special Degree in Physical Education have been awarded since 2008 through the Faculty of Applied Sciences. The Department of Sport Sciences and Physical Education was established in 01st March 2011. The courses of Sport Sciences & Management degree programme is specially designed to produce graduates with basic scientific sport skills and management skills required for today's teaching sports at primary, secondary and tertiary education levels and at other industries and organizations. The degree programme in Physical Education is specially designed to produce graduates who are competent the scientific basis of physical education activities and practices. The duration of the degree programmes are four years and at present there is a great demand for the degree programme which is significantly shown by the increasing number of student intake each year and at present the intake has reached the maximum capacity. The both degree programmes are well supported by practical activities and projects that has enabled to produce skilled and competent graduates within four years. The department also has many collaborations with sports organizations facilitating the students to participate in many national and international gaming competitions and coaching programmes. The staff comprises of one senior lecturer, four temporary lecturers. The service of eminent sport specialist are also obtained to conduct both practical and theory courses for the students.

ACHIEVEMENTS OF THE FACULTY

International

Department of Natural Resources

Dr. E.P. Kudavidanage

- Appointed as the Country Coordinator for the Association of Tropical Biodiversity Conservation

Dr. M.S.J. Perera

- **Rapporteur**, Session on Food, Environment and Public Health, “Challenges beyond Food Security”, Fifth International Conference of the Sabaragamuwa University of Sri Lanka. 19th& 20th November 2015, Colombo.
- **Member of the Scientific Committee**, Fifth International Conference of the Sabaragamuwa University of Sri Lanka.

Department of Sport Sciences and Physical Education

Mr. A.W.S. Chandana

- Qualified International Gymnastic Judge (FIG, Cat iv 2009)
- International Gymnastic Coach (Level 2)

Mr. S. Sriharan

- International level I Coaching in Hockey
- International level I Coaching in Table Tennis

Ms. A.A.L. Madhushani

- Awarded Olympic Solidarity Scholarship, International Olympic Committee, February 2015
- International Olympic Postgraduates session (Represented Sri Lanka)
- International Olympic Academy, Olympia, Greece. September 2015

Mrs. L.R.N.D. Weerarathna

- Chinese Government Scholarship Awardees for master studies in 2015

Mr. S. Jeganenthiran

- Selected as Game Marker (Volunteer) for Rio-2016 Olympics
- Sri lankan Team Manager for Sabah International Athletics Championship held in Malaysia – 2015
- Produced on athlete to South Asian Games held in India – 2016
- 04th Athletes participated at World University Games Trained held in Korea

Mr. P.P. Weerakkody

- International Table Tennis Coaching level I (Confirmation)
- International Table Tennis Federation

National

Department of Natural Resources

Dr. M.S.J. Perera

- **Rapporteur**, National Symposium on Biogeography and Biodiversity Conservation in Sri Lanka in a Changing Climate. 12th& 13th November 2015. National Science Foundation. Colombo

Dr.L.V. Ranaweera

- Member of the Teaching panel, Board of Study of Earth Sciences, Post Graduate Institute of Science, University of Peradeniya

Department of Sport Sciences & Physical Education

Mr. S. Sriharan

- National Level I Coaching in Hockey
- National Level I Coaching in Basketball
- National Level I Coaching in Swimming

Ms. A.A.L. Madhushani

- Member of web committee and research assistance of National Olympic Committee in Sri Lanka.

Mr. S. Jeganenthiran

- Elected as Vice President of Athletic Association of Sri Lanka
- Nominated as Director of Coaching of Sri Lanka and Field Coaches' Association
- Talent Identification and Selection panel member nominated by Sports Ministry

Mr. P.P. Weerakkody

- Government Service National table Tennis Champion 2015 (Age 25 - 30)

Institutional

Department of Natural Resources

Dr. E.P.N. Udayakumara

- **Chairman**-Higher Degree Committee, Faculty of Applied Sciences, Sabaragamuwa University of Sri Lanka.
- **Chairman**-Board of Study of Physical and Natural Science, Faculty of Graduate Studies (FGS), Sabaragamuwa University of Sri Lanka.
- **Coordinator**-Activity (I)-QIG, Grant, Faculty of Graduate Studies, Sabaragamuwa University of Sri Lanka.
- **Coordinator**-Second Stage, Faculty of Applied Sciences, Sabaragamuwa University of Sri Lanka.
- **Committee Member**-Research Grants Committee, Sabaragamuwa University of Sri Lanka.
- **Committee Member**-*Centre for Indigenous Community Studies.*

Dr. M.S.J. Perera

- **Head of the Department**, Department of Sports Sciences and Physical Education, Sabaragamuwa University of Sri Lanka (until August 2015).
- **Coordinator** – Centre for Biodiversity & Environmental Studies (The Green Park), Sabaragamuwa University of Sri Lanka.
- **Coordinator**, Centre for Research and Knowledge Dissemination (CRKD), Sabaragamuwa University of Sri Lanka.

Dr. L.V. Ranaweera

- Co-coordinator, International Conference of Sabaragamuwa University of Sri Lanka (ICSUSL) 2015

Personal

Department of Natural Resources

Dr. E.P.N. Udayakumara

- **Invited talk** on “Soil Degradation and Soil Management in Samanalawewa Catchment Sri Lanka”. United Nations Environment Programme (UNEP), 2015.

Dr. M.S.J. Perera

- **Invited talk** on “The Biogeography and Conservation in Sri Lanka”. Palaeobiodiversity Fellowship of Sri Lanka, Postgraduate Institute of Archaeology, University of Kelaniya. 19th December 2015.

Department of Sport Sciences and Physical Education

Ms. A.A.L. Madhushani

- Granted NCAS Grant 2015/2017 for Master Degree

Mrs. L.R.N.D. Weerarathna

- Chinese Government Scholarship Awardees for master studies in year 2015

Mrs. H.A.C.S. Hapuarachchi

- M.Sc. Completed in September 2015

6.4 FACULTY OF MANAGEMENT STUDIES

VISSION:

To be an internationally acclaimed centre of excellence in higher learning producing dynamic leaders and nation builders to guide the destiny of Sri Lanka.

MISISON:

The Mission of the Faculty of Management Studies is “to provide a quality tertiary education in management, encourage and cultivate the students’ creative personal development with an innovative and practical approach to management; to complement its blend of undergraduate and graduate programmes with skills and competencies to satisfy the real world demands, to enrich the community with a greater sense of diversity, to foster the ideals of teaching, learning, research and extension services towards the contemporary development needs of the country”.

BRIEF HISTORY:

The Faculty of Business Studies commenced its programmes of study offering a three-year degree under the Department of Accountancy & Finance & the Department of Business Management in September 1996. After the completion of the Foundation Year and two specialization years, a degree in Bachelor of Science could be obtained in Financial Management, Business Management, Marketing Management and Tourism Management. Six batches of graduate students obtained their B.Sc Special Degrees in Financial Management, Business Management, Marketing Management and Tourism Management and passed out in the years 1997, 1998, 1999, 2000, 2001 and 2002.

Faculty of Business Studies was renamed as Faculty of Management Studies with the approval of the University Grants Commission (UGC) in 2003. The duration of the Degree programmes, B.Sc. Business Studies conducted by the Faculty of Business Studies was also changed from three years to four years with the approval of the UGC in 2003.

DEGREE PROGRAMME OF THE FACULTY

The Faculty of Management Studies comprises four departments; Department of Accountancy & Finance, Department of Business Management, Department of Marketing Management and Department of Tourism Management. The Faculty offers BSc (Special) Degree Programmes in Financial Management, Banking & Insurance, Business Management, Marketing Management, EcoBusiness Management, Tourism Management and Hospitality Management under each department respectively for the students who gain direct entry to the Faculty on the basis of their performance at the GCE (Advanced Level) Examination.

Presently the student allocation for each degree programme is done through the Faculty according to the students' preference and z-score at the beginning of the degree programme.

Specialization programmes starts in the first year itself with the new curriculum but there are common subjects that are taught together. The programmes run for four years with eight semesters. Students should fulfill the four months Industrial Training and Project Report or Dissertation in the Fourth Year Second Semester for which six credits have been allocated. The total number of credits is 120 for each degree programme.

The faculty of management Studies consists of four departments. Currently seven Special Degree Programmes are being offered by these four departments. The details of the degree programs are illustrated as follows.

6.5 FACULTY OF SOCIAL SCIENCES AND LANGUAGES

VISION: The Vision of the Faculty is “To be a Centre of Academic and Intellectual Excellence for Arts Students so as to Equip Them to Contribute Productively to the Nation in its Path to Prosperity”

MISSION: The Mission of the Faculty is “To Produce Arts Graduates Equipped with Essential Knowledge, Specialized as well as General, plus Intellectual Discipline, Analytical Skills and Imagination that will Enable Them to Contribute Creatively in Any Sphere of Employment”

BRIEF HISTORY: The Faculty of Social Sciences and Languages had its beginning at the same time, when the University commissioned her study programs in 1996. The Faculty initially possessed two Departments of studies i.e. the Department of Languages and the Department of Social Sciences. The third Department of the Faculty, The Department of English Languages Teaching was initiated in 2004 while the fourth, The Department of Economics and Statistics commenced in 2009. The Faculty began its academic operations in November 1996 with the intake of students from the former affiliated University Collage, who were permitted, with their Diplomas in English, to study for a degree after two years. The Faculty started register students with Advanced Level qualification only from the year 1998.

The Faculty of Social Sciences and Languages prepares students for professional careers, by providing them with a broad understanding of the humanistic tradition in combination with a sound knowledge of subjects in several disciplines. Our degree programs emphasize the ability to apply this knowledge to problems and tasks in the contemporary world of work. We strive to develop the capacity of students in independent and critical thought, logical analysis, effective communication, and informed participation in teamwork. Therefore, the Bachelor of Arts program integrates classroom work and students' independent reading and writing with hands on research and project work.

7. TEACHING RESOURCES

7.1 LIBRARY

Profile:

In the modern world the nature and format of information resources are changing rapidly. There is a need to develop and foster new skills and competencies. The SUSL Library moved for another progressive year and developed its' resource collection. The collections of total printed publications are 124,706.

The SUSL Library take the maximum effort to serve their users to disseminate information. Therefore, the Library is a growing organism by enriching their resource collection. "A wealth of information creates a poverty of attention." wealth in the form of educational institutions of research and development. Geeta Girish Gadhavi, Asst.Prof.DLIS, Gujarat University

Goals

The Libraries at SUSL targeted to perform the library to increase the number of usage of E- journals and E- databases for enhance the quality of research and motivate the user community for a research environment. In this year we received four databases of E-journals from UGC through a consortia implemented by SCOLIS. The data bases are as follows;

Oxford University Journals
Wiley Online Library
Emerald Insight
Sage Research Methods

The Library at Sabaragamuwa University subscribing the following list of online databases/ Journals on its own;

End Note

INASP Open Access Resources(Received as Donation)

The library supposed to be introducing to disseminate their information and resources through digitized library materials in future. The library focused to be established an e- repository to reduce the barriers of retrieval of information efficiently. The SUSL Libraries are seeking to widen the qualities of Library collections and the human resources too.

Goals achieved during the year

Use of ICT \ in information services the SUSL Library collaborated with the concept of \ 5R's **R**ight Information to **R**ight Person at **R**ight Time at **R**easonable value in **R**equired format. Many of the Academics associated to innovative approaches through the better Library Service Delivery.

Achievements

Information and knowledge become the principal generators of maximized wealth in the form of research and development for our Academics at the SUSL.

National

The Academic staff of the Library contributed their services in to National level by engaging with NILIS and Library Association of Sri Lanka, by teaching and consultation works, conducting some seminars to make aware the vicinity, conduct some lecture series for the Certificate of Diploma holders in Library Science field.

Institutional

The SUSL Library got involved as an institutional member to the Consortium selected by the UGC / SCOLIS to subscribe valuable e- resources / databases to the users of the SUSL Library.

The Main Library at SUSL has been underwent for conservation & preservation of the Library collection by the process of fumigation on 06th November 2015 to one week time.

7.2 CENTRE FOR COMPUTER STUDIES

Introduction

Centre for Computer Studies is the separate academic body for providing IT services to the Sabaragamuwa University of Sri Lanka. It provides main services; such as Internet facility, e-mail facility, computer networking services, e-learning facilities, hardware & software maintenance services and resource personals for some of the faculties.

History

The history of Sabaragamuwa University Computer Centre goes back to the time of inauguration of Affiliated University College (AUC) of Sabaragamuwa Province in 1991. It started at one of the residential building then own to Samanawewa Hydro Electrical Power Project and now D1-4 quarters of Sabaragamuwa University of Sri Lanka. Initially, it equipped with 10 numbers of **Tatung** 286 computers featured 1Mb RAM, 40MB Hard disks and an **OKI** 9-pin dot-matrix printer and at the time of inauguration of AUC, late Hon. President RanasinghePremadasa unveiled the plaque of the centre.

At that time AUC enrolled students for Diploma programmes and conducted three diploma courses called *Diploma in Accounting & Finance*, *Diploma in Tourism Management* and *Diploma in English*. The **Core Course of Computing** offered by the computer centre was compulsory component to obtain the diploma for all programmes.

After some times, with the donation of Rs. 15,000/= from the then Balangoda District Judge who launched a program to donate funds for social works from the fines collected from the drugs victims, initiated to start the construction of existing computer centre building with the help of then staff, students and villagers by “Shramadana Campaign” and finally completed using the government funds. It was the first building constructed simultaneous with the old auditorium for the AUC in addition to the buildings acquiring from the Samanawewa Project.

Initially it was recruited one staff member to computer centre as an *Instructor-in-Computer-Technology* for conducting the lectures and practical for the core course. Meanwhile, two other instructors were recruited to the computer centre cadre to extend the work it carried out and it was the only computer centre which had an approved cadre in the AUC system.

After upgrading the AUC into full-fledged national university as Sabaragamuwa University of Sri Lanka in 1996, computer centre started to rendering its services to the different degree programs of different, especially for non-IT, faculties by means of designing and preparing course materials for IT related courses and conducting lectures and practical classes for it, helping to prepare and evaluate tender documents for purchasing of computers and other related equipments for the university, training of clerical staff of the university for effectively use of computers for their day to day works as well as helping to academic staff for preparing their postgraduate thesis and in preparing teaching materials etc.

When expansion of the university and its functions, computer centre was renamed as Centre for Computer Studies and re-organized under a Director and started offering assistance for conducting IT related courses for the degree programmes

especially for Faculty of Management Studies and Faculty of Social Sciences & Languages and constructed another building adjacent to the existing centre for broadening its services. At the same time university Local Area Network was planned and commissioned and got connected to the Internet via LEARN and started providing and maintaining the Internet and network services to the entire university community. Launching Sabaragamuwa University Web Site and providing E-Learning environment are such land marking services offered.

Meanwhile, to strengthen the services provided by the Centre for Computer Studies the cadre provisions has been increased and at present, below mentioned cadres are allocated to it according to the 2012 approved cadre list of UGC.

Mr. Sanjeewa and Mr. Janaka are currently involving to do such work as well as to report about the faultier of equipments to the respective authorities to get decisions to repair them.

Present Status

Presently, on request of the different faculties, the academic services provided by the centre are mainly limed to conducting the IT Degree programme and computer minor programme of the Faculty of Social Sciences & Languages, some IT related subjects and practical components of the different departments of Faculty of Management Studies and to the degree program in Computing and Information System of the Faculty of Applied Sciences. Other IT services such as Internet and web service are provided for entire university community. Further, in the 2014 IP phone systems was established by the university and all maintenance and enhancements are done by the center staff.

At present most of the faculties have built their own complexes and they have their own computer centers within them for conducting their IT related academic programs. Therefore, no need of using the existing buildings of the Centre for Computer Studies for conducting their programs further, instead they can be utilized for widen the services offered by the Centre such as conducting training programmes for non-academic and administrative staff as well as assisting the academic staff to fulfilling their IT-related needs etc.

The Centre for Computer Studies supervises all computer related academic activities of these five computer centers and maintains the campus-wide network including all the servers required to provide network services such as web and email services.

In year of 2013, infrastructure facilities and academic programs related with IT have further improved due to allocations from the consolidated fund by the Sabaragamuwa University of Sri Lanka. With this fund, the university managed to increase the Internet bandwidth from 20Mbps to 100Mbps and increase the number of computer facilities to all academic and administrative staff members at their work places.

Further, according to the annual plan University purchased more than 100 new computers and center helps to purchase and implement such computers in the university network.

Campus-Wide Network

Our campus-wide Local Area Network is run and maintained by the Centre for Computer Studies. It is administrated by our Assistant Network Managers within the server room. The server room consists of CISCO routers, proxy server, DNS server, CISCO for subnet switch, web server, e-mail server, e-learning sever, virus guard server (centralized server) etc. Performance of the network functions and the E-learning system are increased by upgrading the three servers namely Proxy, DNS and E-learning during the year 2014. Separating and partitioning of the server room from the existing computer lab, physical security and the easiness of maintenance of the servers are assured. Also by commissioning the alternative power generating system using a 20KVA standby generator and 20KVA UPS system, availability of network functions are guaranteed during the 24 hours a day and 7 days a week.

The wide area network now extended up to newly located Faculty of Geomatics building. All the five faculties are now inter-connected with fiber optic backbone. At present our commodity Internet band with is 100Mbps and physical link is capable of handling signals of 80Mbps bandwidth.

Goals of the Year 2015

- Implement efficient and enhanced e-mail system for entire university community with Gmail
- Extend the free Microsoft product programme for students and staff members
- Upgrade of internet connectivity
- Enhance the web site of the University
- Implement new Learning Management System with new Server

8. STUDY CENTRES

8.1 CAREER GUIDANCE UNIT

Profile

In the present world, the employment market has become highly competitive and therefore, only the most competent, proficient and innovative candidates with accurate attitudes secure more attractive employments and develop successful careers. Skills developed and owned by them is the main factor for competitive advantages over and above their academic qualifications. Skills demanded by many jobs are in a different frame of reference compare to the skills owned by candidates. One major comment of the stakeholders of Sri Lanka is that the graduates produced by the Sri Lankan Universities rich in knowledge, but severely lacking in practical skills. This unfortunate situation has greatly limited the career opportunities for Sri Lankan graduates, especially in the private sector. This skills gap is widening day by day as the trends in the economies transform from agriculture to industries to knowledge based economies. As country has started a development journey with an accelerated phase towards a Knowledge based society, it is imperative to come up with a viable, sustainable solution to the problem of bridging the skills gap. The objective of the career guidance unit of the Sabaragamuwa University of Sri Lanka facilitates the undergraduates of the university to secure right and successful careers providing proper counseling, developing required career success skills through introducing capacity building programs and connecting young people with prospective employers.

Activities Conducted by CGU – 2015

“Career Guidance for the New Undergraduates”

Career Guidance Unit of the University successfully organized a programme on “Career Guidance for New Undergraduates” with a collaboration of Students Counseling Center on 21st 22nd and 23rd of April 2015 at the University. Mr. AjithJayewardane, Senior Lecturer of Sri Lanka Foundation took part as the resource person of the programme.

“Entrepreneurship Development Programme”

Career Guidance Unit of Sabaragamuwa University of Sri Lanka initiated an entrepreneurship development programme named **“UPADIDHARI VIYAPARIKA UDANAYA – 2015”** in collaboration with the National Enterprise Development Authority (NEDA) on 4th& 5th July 2015.

The target group of this pilot programme was the final year undergraduates of the Faculty of Agricultural Sciences who are interested to start their own business in their career endeavors. The programme was held successfully at the Auditorium of the faculty of Agricultural Sciences.

“Personality Development Programme”

Career Guidance Unit of Sabaragamuwa University of Sri Lanka and Image Consultants successfully organized a “Personality Development Programme” at

Global Towers, Colombo from 8.30am to 5.30pm on 8th July 2015. The programme was sponsored by CEAT KelaniTyres and facilitated by Image Consultants.

The programme focused on personal grooming and best hygiene practices, Appropriate dress code, Social, business & dinning etiquettes and How to face an interview successfully. Selected 37 undergraduates by representing Faculty of Management Studies, Faculty of Agricultural Sciences and Faculty of Geomatics were actively participated of the programme. Director of Image Consultants, Mrs.NayanaKarunarithne and General Manager of Image Consultants, Ms. Irushi Aluwihare were conducted the sessions.

The “Final Step” – Soft Skills Development Programme

The final step – soft skills development programme, presented by John Keells Foundation in collaboration with the Career Guidance Unit of Sabaragamuwa University of Sri Lanka was held on 14th, 15th& 16th July 2015 at the Auditorium of the Faculty of Social Sciences and Languages at Sabaragamuwa University of Sri Lanka. This soft skills development programme can be identified as a bridge, which fills-up the gap between employer expectations and job expectations of Sri Lankan University graduates. The major objective of these programme was to develop the undergraduates’ soft skills level parallel to their University education. The inaugural session was held on 14th July 2015 at 10 a.m. at the Auditorium of the Faculty of Social Sciences and Languages of the University. The Vice Chancellor, Prof. Chandana P. Udawatte was the chief guest of this inauguration and the most significant feature was the enthusiastic participation of the students.

CV Writing & Interview Facing Skills Development Programme

This programme was organized on 12th November 2015 from 2.00pm to 6.00pm at the Faculty of Geomatics. The main objective of this programme was to develop the CV writing & Interview facing skills of the undergraduates of Faculty of Geomatics prior of their industrial placements. The programme was conducted by Mr. Deepal Wijesekara, Career Advisor of the University.

Certificate Awarding Ceremony of Entrepreneurship Development Programme

This Entrepreneurship Development Programme was conducted by the Career Guidance Unit of University in the collaboration with National Entrepreneurship Development Authority (NEDA) Sri Lanka. The first programme was launched based on the Faculty of Agricultural Sciences as a pilot project. The certificates awarding of this programme was successfully held on 27th November 2015 at the Faculty of Agricultural Sciences.

At the same day the interviews were also conducted for the selection of the Entrepreneurship grants, which are offered by NEDA, Sri Lanka, in order to hands the undergraduates to start their own businesses. The Interview was conducted based on the business proposals submitted by the undergraduates of Agricultural Sciences. The expected grant is Rs.150000.00 for each selected undergraduate.

In addition to that, routing activities of the Career Guidance Unit such as providing career counseling service for undergraduate form the first year, advising students on selection of specializations in their faculties, providing reading materials on career guidance, directing students for useful trainings, workshops ect...are also conducted.

10. STUDENT WELFARE FACILITIES

When compared with the other national Universities, Sabaragamuwa University of Sri Lanka has to pay more attention on the welfare of its undergraduates due to scarcity of the resources in the vicinity of the University. Therefore, the University is providing many services and facilities for the betterment of its students, through many ways.

Just after the allocation was finished, the University Grants Commission sent the allocated list to the respective Universities. So, it is the Academic & Students Welfare Division where the allocated students for the respective degree programme come first to get their registration done. With the beginning of the University life, the undergraduates are entitle for below mention services and facilities which provide by Academic & Students Welfare Division of the Sabaragamuwa University of Sri Lanka.

Students Registration

Student's registration is done annually whenever a new academic year has been started. Academic & Students Welfare Division is maintaining a separate file for all the registered undergraduates of the University which contains up to date personal and academic life of them.

Accommodation Facilities

As the University is in a low density area, considering the difficulties in finding the residential facilities for undergraduates by themselves, all the students whose permanent residencies are more than 20 km away from the University are provided hostel facilities by the University. So, about 91.4% of the undergraduates are received the University provided hostel facilities.

The University has provided accommodation in its own hostels only for about 750 male students and 1138 female students out of 3302 residing students. All the other students have been provided with accommodation in rented houses in the vicinity with bare minimum facilities.

The University spends more than 12 million per annum for rented houses to accommodate the students.

New Hostel Complexes

Under the programme of Ministry of Higher Education, developing hostel facilities for undergraduate in the University system, two hostel complexes are under construction. One of the complex is allocated for Girls and the other one is for Boys. Each one complex has 100 rooms with reading room, common area and other relevant facilities.

Medical Facility

Compare to other Universities maintaining of the Medical Center of the University is very costly due to climate situation of the area. The closest Base Hospital is Balangoda which is 20 Km away from the University, and the nearest Rural Hospital is Pabahinna. But the University Medical Center has to cater not only for the students but also the resident staff and their family members. The service of Medical Centre is free of charge.

Dear Sir

CERTIFICATE OF ACCOUNTING OFFICER ON ACCOUNTS FOR THE YEAR 2015

The financial statement of the Sabaragamuwa University of Sri Lanka for the financial year ended 31st December 2015 has been prepared in the form and manner specified by the University Grants Commission and in terms of section 106 and 107 of the University Act No. 16 of 1978 in terms of the Finance Act No. 38 of 1971 and has been rendered to the Auditor General together with the notes and schedules referred to in the Statement of Financial Performance and the Statement of Financial Position. Financial rules and procedures prescribed by the University Grants Commission have been complied with, and the systems of controls have been maintained as far as practicable to ensure propriety of transactions and efficiency in expenditure. To the best of my knowledge, the statement in respect of the year 2015 have been prepared satisfactorily and exhibits a true and fair view of the financial position of the University.

Thank You

Yours Sincerely

Vice Chancellor

The university primarily caters to local students in the fields of Agricultural Sciences, Social Sciences, Applied Sciences and Management Studies. The university is promoting higher studies and research.

1.1.3 Basis of preparation

(a) Statement of Compliance

The Financial Statements comprise the statements of financial position, statement of financial performance, statement of changes in equity, cash flow statements and notes to the financial statements.

The Financial Statements of the Sabaragamuwa University of Sri Lanka are prepared in conformity with Sri Lanka Public Sector Accounting Standards for the accrual basis of accounts. All accounting policies adopted by the University are applied consistently with those of the previous year, where necessary comparative figures have been adjusted to conform to the changes, in presentation of current year figures.

(b) Basis of measurement

The Financial Statements of the Sabaragamuwa University of Sri Lanka are prepared under the Historical Cost convention and do not take into account changes in money values, except where it is stated.

(c) Functional and presentation currency

The Financial Statements are presented in Sri Lankan Rupees, which is the University's functional and presentation currency.

(d) Going concern

The Financial Statements have been prepared on a going concern basis.

1.2 Assets and the bases of their valuation

1.2.1 Property, Plant & Equipment

Lands, Buildings, Laboratory and Teaching Equipment, Fixtures & Fittings, Library Books and Periodicals, Motor Vehicles, Cloaks and Other Assets include the items acquired out of government grant, research grants, internally generated funds, and donations.

a) **Basis of Recognition and Measurement**

Property, Plant and Equipment are recognized if it is probable that future economic benefits associated with the item will flow to the entity and the cost of the item can be reliably measured. Properties, plant and equipments are recorded at cost less accumulated depreciation. The cost of property, plant and equipment is the cost of purchase or construction together with any incidental expenses thereon.

b) **Cost**

The cost of property, plant and equipment comprises its purchase or construction cost and any directly attributable cost of bringing the assets working condition for its intended use.

c) **Subsequent expenditure on existing Fixed Assets**

Expenditure incurred on tangible fixed assets is charged to the Statement of Financial Performance in the period it is incurred, unless it meets one of the following criteria, in which case it is capitalized and depreciates on the relevant basis.

- Market value of fixed assets has subsequently increased.
- Asset capacity increase.
- Sustainable improvement in the quality of output or reduction in operating cost.
- Significant extension of the asset life beyond that confirmed by repair and maintenance.

d) **Depreciation**

Depreciation is recognized in the Statement of Financial Performance on a Straight-Line Method over the estimated useful life of Property, Plant and Equipment items from the date that they were made available for use. Lands are not depreciated. The estimated useful life periods are as follows.

Description	Estimated useful life period
Buildings	20 years
Water Treatment plant	20 years
Office and Teaching Equipment	5 years
Computer & computer accessories	5 years
Library Books and Periodicals	5 years

Communication Equipments	5 years
Motor Vehicles	5 years
Cloaks	5 years
Other Equipments	5 years

Depreciation is provided in full in the year of purchase and no depreciation is charged in the year of disposal. This method of depreciation is adopted in using the rates in the UGC circular 649 from the financial year 2006 and hope to continue in future. Also this method of calculation of depreciation was approved by our council at its 117th meeting held on 20.01.2007.

Water Bowser purchased in 2012 was fully damaged in 2013 and insurance claim received from Sri Lanka Insurance Corporation during the year 2015. The deficit charged to the statement of financial performance.

e) Capital Works in Progress

Capital expenses incurred during the year which are not completed as at the date of the Statement of Financial Position are shown as Capital Work-in-Progress, whilst the capital assets which have been completed during the year and put to use have been transferred to Property, Plant and Equipment.

1.2.2 Curriculum Revision

The university revises the curriculum for all degree programs in every five years and amendments are not making within that period. Hence, the expenditure incurred on capital funds are amortize over the five years period. Since the faculty of Management Studies and Faculty of Geomatics have implemented the revised curriculum w.e.f. 2015, the expenditure incurred on that are amortizes w.e.f. 2015.

1.2.3 Knowledge Enhancement

The expenditure incurred to enhance the knowledge of the employees is treated as capital expenditure and amortize over 5 year period.

1.2.4 Livestock

Livestock are revalued and revaluation surplus / deficit charged to the statement of financial performance.

1.2.5 Inventories

Inventories are valued at cost based on FIFO basis.

1.2.6 Receivables

Receivables are stated at the amounts they are estimated to realize.

1.2.7 Cash & cash equivalents

Cash & cash equivalents comprise cash deposits at banks.

1.3 Liabilities & Provisions

All known liabilities as at the balance sheet date are included in the financial statements and adequate provisions are made for liabilities which are known to exist but the amount of which cannot be determined accurately.

Obligations payable on demand or within one year of the balance sheet date are treated as current liabilities in the balance sheet. Liabilities payable after one year from the balance sheet date are treated as noncurrent liabilities in the balance sheet.

1.3.1 Provision for retiring Gratuity

The university has adopted the benefit plan as required under the payment of Gratuity Act No. 12 of 1983 for all eligible employees.

Defined benefit plans define an amount of benefit that an employee will receive on retirement usually dependent on one or more factors such as age, years of service and compensation.

The liability recognizes in the balance sheet in respect of defined benefit plans for the employees who have completed 5 years of service in the university system as at the balance sheet date.

1.3.2 Accounting for Grants

Grants that compensate the University for Expenses incurred are recognized as revenue in the income statement in the same period in which the expenses are recognized. Grants that compensate the University for the Cost of an asset are recognized in the income statement on a systematic basis over the useful life of the related asset.

As per Sri Lanka Public Sector Accounting Slandered 20 the university adopted income approach accounting principal when identifying capital grants and donations w.e.f. 2014.01.01 and hope to continue in future.

1.3.4 Contingent Liabilities

Below mentioned all court cases are ongoing and we have to incur legal fees. Some compensation cannot be estimated at the moment. Therefore, no provision has been made

in the accounts with regard to liabilities arising out of litigation. Ongoing court cases as at the balance sheet date are stated below.

The Vice Chancellor,

Sabaragamuwa University of Sri Lanka
Belihuloya.

Report of the Auditor General on the Financial Statements of the Sabaragamuwa University of Sri Lanka for the year ended 31 December 2015 in terms of Section 108(1) of the Universities Act, No 16 of 1978.

The audit of the financial statements of the Sabaragamuwa University of Sri Lanka for the year ended 31 December 2015 comprising the statement of financial position as at 31 December 2015 and the statement of financial performance, statement of changes in equity and the cash flow statement for the year then ended and a summary of significant accounting policies and other explanatory information, was carried out under my direction in pursuance of provisions in Article 154(1) of the Constitution of the Democratic Socialist Republic of Sri Lanka read in conjunction with Sub-section 107(5) of the Universities Act, No.16 of 1978. My comments and observations which I consider should be published with the Annual Report of the Sabaragamuwa University of Sri Lanka in terms of Sub-section 108(1) appear in this report. A detailed Report in terms of Sub-section 108 (2) of the Universities Act, was furnished to the Vice Chancellor of the University on 15 July 2016.

1.2 Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Sri Lanka Public Sector Accounting Standards and for such internal control as the management determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

1.3 Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with Sri Lanka Auditing Standards consistent with International Auditing Standards of Supreme Audit Institutions (ISSAI 1000 - 1810). Those Standards require that, I comply with the ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of risks of material misstatements of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers the internal control relevant to the University's preparation and fair presentation of financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. Section 111 of the Universities Act, No 16 of 1978 gives discretionary powers to the Auditor General to determine the scope and extent of the audit.

I believe that the audit evidences I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

1.4 Basis for Qualified Opinion

My opinion is qualified based on the matters described in paragraph 2.2 of this report.

2. Financial Statements

2.1 Qualified Opinion

In my opinion, except for the effects of the matters described in paragraph 2.2 of this report, the financial statements give a true and fair view of the financial position of the Sabaragamuwa University of Sri Lanka as at 31 December 2015 and its financial performance and cash flows for the year then ended in accordance with Sri Lanka Public Sector Accounting Standards.

2.2 Comments on Financial Statements

2.2.1 Sri Lanka Public Sector Accounting Standards

The following observations are made.

(a) Sri Lanka Public Sector Accounting Standard 02

The cash flow statement had not been prepared in accordance with the financial statements and following the correct classifications.

(b) Sri Lanka Public Sector Accounting Standard 03

In terms of the Standard, the University should correct material prior period errors in the first set of financial statements authorized for issue after their discovery by restating the comparative amounts for the period in which the errors occurred. Nevertheless, action in terms of the provisions had not been taken in respect of correction of errors amounting to Rs.85,151,639 made during the year under review.

(c) Sri Lanka Public Sector Accounting Standard 09

In terms of the Standard, only the goods available in the form of goods or supplies for the use or distribution should be taken into consideration in the measurement of inventories. Nevertheless, without accounting 1,394 cloaks valued at Rs.167,300 as the fixed assets, it had been included in the value of the closing stock.

2.2.2 Accounting Policies

In the absence of a Sri Lanka Public Sector Accounting Standard that specifically applies to a transaction, other event or condition, management shall develop and apply an accounting policy, whereas such action had not been taken accordingly in respect of the motor vehicles purchased on leasing basis.

2.2.3 Accounting Deficiencies

The following observations are made.

- (a) Plant and equipment valued at Rs.54,768,373 granted to the University by the "Higher Education for the Twenty-first Century (HETC) Project" relating to the period from the year 2012 to 2015 had not been brought to account.
- (b) Exercise machines valued at Rs.812,270 purchased during the year under review had been understated in the accounts.
- (c) The stock of drugs, the book value of which according to the inventory of the Medical Centre of the University as at 31 December 2015 was Rs.521,574 had been brought to account as an expenditure of the year without being accounted for as an asset.

- (d) Although the unspent capital grants according to the cash book as at 31 December of the year under review was Rs.62,634,019, it had been brought to account as Rs.61,896,869 in the Unspent Capital Grants Account.

2.2.4 Unexplained Differences

Although the unsettled advances according to the Register of Advances as at 31 December 2015 totalled Rs.1,296,585, it had been stated as Rs.2,543,008 in the statement of financial position. Accordingly, a difference of Rs.1,246,423 was observed.

2.2.5 Accounts Receivable and Payable

The following observations are made.

- (a) Necessary steps had not been taken to recover 46 staff loan balances totalling Rs.1,743,500 in monthly installments over periods ranging from 03 months to 12 years.
- (b) Necessary action had not been taken to recover a balance of sundry debtors amounting to Rs.105,525 shown over a period of 13 years.
- (c) Necessary action had not been taken to settle the payable employees' wages totalling Rs.71,483 brought forward since year 2014.
- (d) Necessary action had not been taken to recover the sundry deposits amounting to Rs.358,897 that remained recoverable since year 2012.
- (e) Necessary steps had not been taken to dispose of 30 balances of retention money of the contracts and bid securities of Rs.8,182,519 aggregated since 05 years to 10 years.

- (f) Required steps had not been taken to settle the advance of Rs.4,488,000 obtained from the University Grants Commission for the payment of bursaries in the year 2014.

(b) Section 20 (1) of the Value Added Tax No.14 of 2002.	In the payment of Value Added Tax (VAT), the relevant payment should be made only for a valid invoice of the suppliers. Nevertheless, in the payment of money to the supplies in the year 2015, the payments had been made without obtaining a valid invoice from the suppliers for the Value Added Tax amounting to Rs.105,179.

(c) Section 6(1) (a) of the Public Contract Act No.03 of 1987 When the cost specified in the contract agreement exceeds Rs.5 million, the Procurement Agreement should be registered with the Registrar of the Public Contract within 60 days from the date of awarding the relevant contract. Nevertheless, it had not been examined whether the action had been so taken in connection with 09 contracts totalling Rs.118,538,421 relating to the year under review and the preceding years.

(d) Financial Regulations of the Democratic Socialist Republic of Sri Lanka.

(i) Financial Regulation 103 Two motor vehicle accidents caused during the year under review had not been reported to the Sri Lanka Police.
(1) (a)

(ii) Financial Regulation 104 As soon as a loss or damage occurs, an inquiry should be instituted, whereas action in terms of that provision had not been taken in connection with a damage of Rs.498,062 caused to the motor vehicle.
(1)

(iii) Financial Regulation 104 Although a full report should be submitted within three months from the date of loss, action in terms of that provision had not been taken in connection with 04 motor vehicle accidents caused during the year under review.
(4)

- (iv) Financial Regulation 571(1),(2) and (3) Necessary action had not been taken to prepare an age analysis relating to the deposits of Rs.30,053,325 as at 31 December 2015 and dispose of the lapsed deposits.
- (v) Paragraph 1646 of Chapter XVIII of the Part II of the Financial Regulation. Although the monthly summary of the Daily Running Chart should be prepared, action had not been so taken in connection with 40 motor vehicles run by the University.
- (e) Establishments Code of the University Grants Commission and the Higher Education Institutions.
-
- (i) Section 7.6 of Chapter V Necessary action had not been taken to recover a sum of Rs.48,152,247 due from 08 officers who had signed the agreements before the year 2010 and Rs.13,025,762 due from 03 officers who had signed the agreement after the year 2010 in connection with breach of agreements and bonds.
- (f) Government Procurement Guidelines 2006.
-
- (i) Guideline 5.4.12 After the payment of money for covering Value Added Tax, the details of the relevant payment should be furnished to the Commissioner General of Inland Revenue with a copy to the Auditor General on or before the 15th day of the following month. Nevertheless, action in accordance with that

- provision had not been taken in connection with the payment of Value Added Tax of Rs.915,736 in 38 instances.
- (ii) Guideline 9.8 Action had not been taken to publish notices regarding the calling of bids in the University website.
- (g) Treasury Circulars

Circular No.IAI/2002/02 dated 28 November 2002. A Register of Fixed Assets had not been maintained on computers and accessories valued at Rs.215,063,581.

Paragraphs 7.1 and 7.2 of Chapter 07 of the Guidelines on the Good Governance in the Circular No.PED/12 dated 02 June 2003. An Operating Manual had not been prepared so as to cover the main operation areas of the University.
- (i) Public Finance Circulars

(i) Circular No.02/2015 dated 10 July 2015. Although action should be taken, as soon as possible, to dispose of the assets that remain unusable and idle in the Public Institutions, measures had not been taken according to the provision in connection with the tractor and 03 trailers that remained condemned position.
- (ii) Circular No.05/2016 dated 31 March 2016. Board of Survey should be completed before 15 January of each financial year and the report of the

Board of Survey of the preceding year should be furnished to the Auditor General with a copy to the Chief Accounting Officer before 17 March. Nevertheless, action had not been taken accordingly.

3. Financial Review

3.1 Financial Results

According to the financial statements presented, the operations of University for the year ended 31 December 2015 had resulted in deficit of Rs.47,162,467 as compared with the corresponding deficit of Rs.16,473,034 for the preceding year, thus indicating an increase of Rs.30,689,433 of the deficit of the year under review as compared with the preceding year. Although the income of the year under review had increased by Rs.205,644,870, the above deterioration was mainly attributed to the increase in the personal emoluments, expenditure on Mahapola and bursary and the expenditure on depreciation and amortization by Rs.163,756,738, Rs.41,211,950 and Rs.18,355,697 respectively.

Analysis of the financial results of the year under review and four preceding years revealed that, the deficit of Rs.131,450,782 of the year 2011 had decreased to Rs.47,162,467 by the year 2015. When taking into consideration the employees remuneration and the depreciation for the non-current assets, the contribution of the University of Rs.273,042,356 in the year 2011 had continuously increased up to Rs.889,966,473 by the year 2015.

3.2 Analytical Financial Review

According to the statement of financial position presented for the year under review, the current ratio of the University was 0.52 and 0.38 during the years 2015 and 2014 respectively. Sixty six per cent of the currents assets of the year under review represented

the cash and cash equivalents and the considerable amount of assets of the University had been retained in the liquidated assets.

4. Operating Review

4.1 Performance

(a) Registration of Internal Students to the University

Although plans had been drawn to enroll 1215 students for the academic year 2014/2015, only 1101 students had registered.

(b) Registration of students for the Bachelor of Arts (General) External Degree Course

The following observations are made.

(i) In terms of the Circular No.932 dated 15 October 2010 of the University Grants Commission, courses should have been revised and commenced after the year 2011. Although more than a period of four years had elapsed from the issue of the relevant circular, necessary steps had not been taken to intake new students batches up to 10 June 2016, the date of audit.

(ii) Even though a period of over four years had elapsed from the last enrolment of the students for the above course in the year 2011, an inordinate delay had occurred for the conduct of the first year and second year examinations of that batch and the third year examination had not been held even by 10 June 2016, the dated of audit. As a result, out of 180 students registered in that year, 99 students or 55 per cent had left the course.

(c) Although the place expected to be reached in the ranking of the World Universities was 7000 according to the Corporate Plan, 2014-2018 of the

University, due to non-completion of the required criteria the place 12277 had been received and it was a decline by 1478 places as compared with the preceding year.

4.2 Management Activities

The following observations are made.

- (a) Out of the income earned from the External Degree Courses in each month from January to December 2015 there was a balance of about Rs. 6 million in the current accounts. Nevertheless, necessary steps had not been taken to invest that money.
- (b) Although there was a sum of Rs.4,664,411 in the Vice Chancellor's Fund as at 31 December of the year under review, the objectives that lead to the establishment of the Fund had not been furnished to audit.

4.3 Operating Activities

Supply of Drinking Water

The following observations are made.

- (a) The water purification plant constructed for the Samanala Water Reservoir Scheme in the year 1986 is being used for the water requirement of the University even at present. Although that plant has the capacity to purify and distribute water to 1,500 people per day, it supplies water to 4,800 students and the staff of the University daily and to 2,500 students of the External Academic Division during the weekends. It was observed that as the water purification plant had not been expanded in keeping with the consumption requirement, supply of safety drinking water had turned out to be an issue.

- (b) As the equipment used for the apply of Alum mixture, sand straining system, chlorination compartment and 06 taps connected to that water purification plant had been inoperative since August 2015, water had been directly obtained to the storage tank from the Hirikatu Oya through a separate pipeline bypassing the water purification system and having mixed the chlorine into that tank, water had been supplied to the University system. Accordingly, supply of safety drinking water had been an issue, but necessary action had not been taken to repair this defects of the water purification plant even by 10 June 2016, the date of audit.
- (c) Action had not been taken to purify and distribute water of the Hirukatu Oya by the water purification plant and according to the monthly testing report carried out on the bacteria of the water supplied to the University, the existence of coliform bacteria exceeding the standard amount and E.coli bacteria which should not be contained in the drinking water had been established in 06 instances.

4.4 Underutilization of Funds

It was observed that 11 Funds valued at Rs.8,362,184 maintained by the University had remained inoperative from 02 to 05 years without utilizing them for the relevant objectives.

4.5 Idle and Underutilized Assets

The following observations are made.

- (a) One hundred lecture hall chairs valued at Rs.490,560 purchased in July 2015 and the podium valued at Rs.38,000 purchased in September 2015 for the lecture hall located in the farm premises of the Faculty of Agriculture had remained unused up to 10 June 2016, the date of audit.

- (b) The greenhouse erected near the new cafeteria at the Mungasthenna premises of the Faculty of Agriculture had not been used for any effective purpose since year 2014.
- (c) Stocks of items valued at Rs.324,607 had remained idle in the main store and the sub-stores of the University from 02 years to 15 years.
- (d) Although the gully bowser, the market value of which was Rs.1,000,000 had been repaired in the year 2005, it had remained idle in the garage from that year without being utilized for any purpose.
- (e) The lecture hall and the Mungasthenna cafeteria of the Faculty of Agriculture constructed in the year 2014 at a cost of Rs.8,834,437 outside the Master Plan of the University without conducting a feasibility study with the expectation of enrolling additional students had remained idle without being utilized.

4.6 Procurement and Contract Process

The following observations are made.

- (a) The Cabinet of Ministers had given approval to construct an Information Technology Building and Administration building in the year 2005. Although a sum of Rs.3,337,508 had been spent for the consultation fees and the commemorative plaque in the year 2005, necessary steps had not been taken to commence the construction activities of the buildings. Even though the approval of the Cabinet of Ministers had been granted again for the relevant construction in the year 2007, any activity had not been commenced up to May 2016, the month of audit.

- (b) Although an expenditure amounting to Rs.123,052,693 had been incurred for the construction of the playground and the pavilion of the University in the year 2014, there was no proper drainage of rain water whilst a hard surface had emerged due to the development of the surface with gravel mixed earth. Necessary action had not been taken to repair the cracks of the parapet near the pavilion.

4.7 Staff Administration

The following observations are made.

- (a) There were 07 vacancies of the post of Professor and 10 vacancies of the post of Lecturer of the academic staff as at 31 December of the year under review. As a result, a sum of Rs.16,181,695 had been paid to the Visiting Lecturers during the year. There was an excess of 14 Temporary Lecturers and 24 Demonstrators in the academic staff posts.
- (b) Since there were 112 vacancies consisting of 07 administrative posts, 31 posts of academic supporting staff and 74 posts of non-academic staff, a sum of Rs.14,188,740 had been paid as holiday pay and allowances during the year under review.

5. Accountability and Good Governance

5.1 Presentation of Financial Statements

Although the financial statements should be furnished to the Auditor General within 60 days from the close of year of accounts as required by Section 6.5.1 of the Public Enterprise Circular No.PED/12 of 02 June 2003, the financial statements for the year ended 31 December 2015 had been furnished to the Auditor General on 11 April 2016.

5.2 Corporate Plan

The following observations are made.

- (a) Fourteen activities included in the Corporate Plan pertaining to the period 2014-2018 approved under Council decision No.14.199.61 dated 30.August 2014 had not been implemented.
- (b) The aforesaid Corporate Plan had not incorporated a review on the operating results of the three preceding years in terms of Section 5.1.2 of the Public Enterprise Circular No.PED/12 of 02 June 2003 and as the financial value of the targets to be achieved had not been specified, a Corporate Plan had not been presented in a manner to enable the evaluation of the annual progress.
- (c) Even though a Strategic Management Committee had been established to evaluate the physical progress of the Corporate Plan and take relevant decisions, that Committee had not reviewed 97 out of 150 activities included in the Corporate Plan up to 10 June 2016, the date of audit.

5.3 Action Plan

An Action Plan in terms of Paragraph 04 of the Public Finance Circular No.01/2014 dated 17 February 2014 had not been prepared for the year 2015 and the Performance Reports as well had not been prepared to evaluate the physical progress of the year 2015.

5.4 Internal Audit

It was observed that only Senior Assistant Internal Auditor and a clerk had been deployed in the service of the Internal Audit Division and the Internal Audit Unit had not done an adequate coverage by taking into consideration the scope.

5.5 Procurement Plan

Action had not been taken to obtain the approval of the Council for the Procurement Plan prepared for the year 2015, list the expected procurement activities in the Master Procurement Plan and to prepare procurement time schedule relating to 16 procurement activities of the year under review.

5.6 Budgetary Control

When comparing the estimated expenditure with the actual expenditure, variances ranging from 13 per cent to 131 per cent out of the provisions allocated for 6 Recurrent Objects and considerable variances ranging from 35 per cent to 91 per cent out of the provisions allocated for the Capital Objects were observed. Thus it was observed that the budget had not been made use of as an effective instrument of management control.

5.7 Tabling of Annual Reports

The Annual Report for the year ended 31 December 2014 had not been furnished to the Chief Accounting Officer for tabling in Parliament in terms of Section 110 of the Universities Act, No.16 of 1978,.

6. Systems and Controls

Deficiencies in systems and controls observed during the course of audit were brought to the notice of the Vice Chancellor of the University. Special attention is needed in respect of the following areas of systems and controls.

Areas of System and Control

Observations

(a) Fixed Assets Control

Fair value had not been brought to account by revaluating of the assets.

(b) Stores Control

Stock verification had not been carried out and stocks had not been ordered by identifying the requirement.
